# COSA OCCORRE?

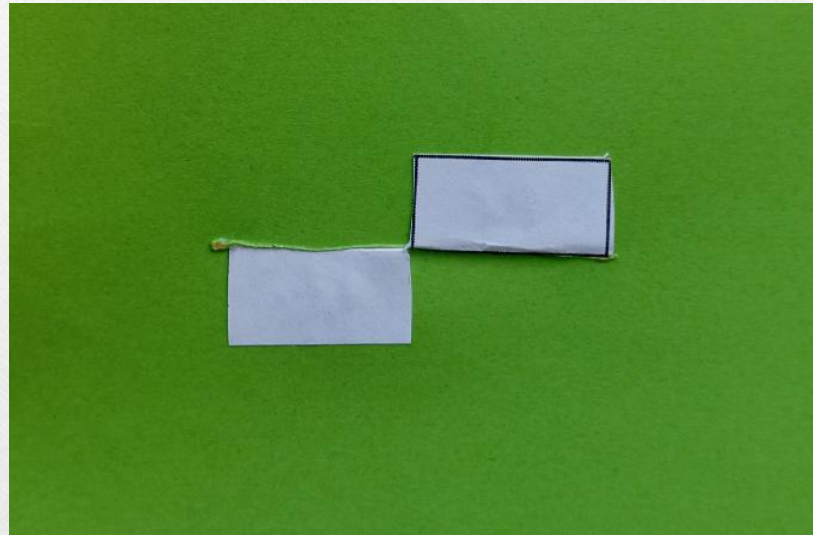

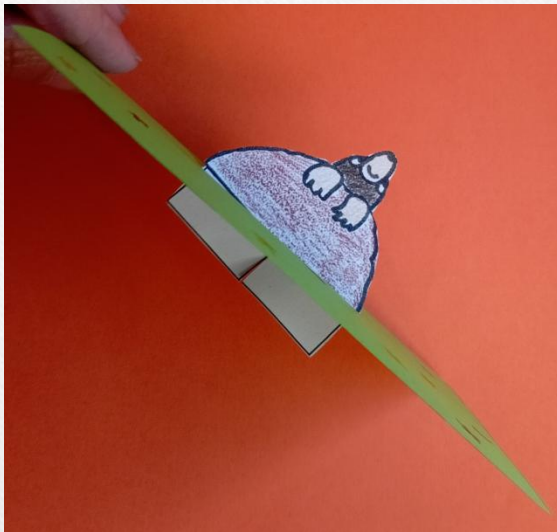

DIORAMA TALPA DA FOTOCOPIARE E COLORARE:

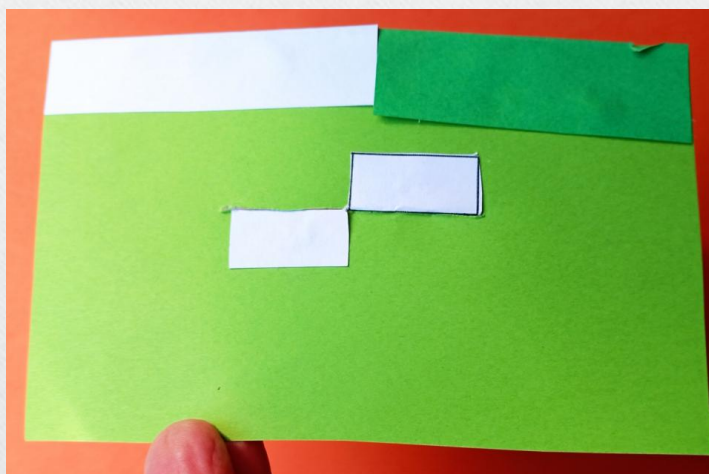

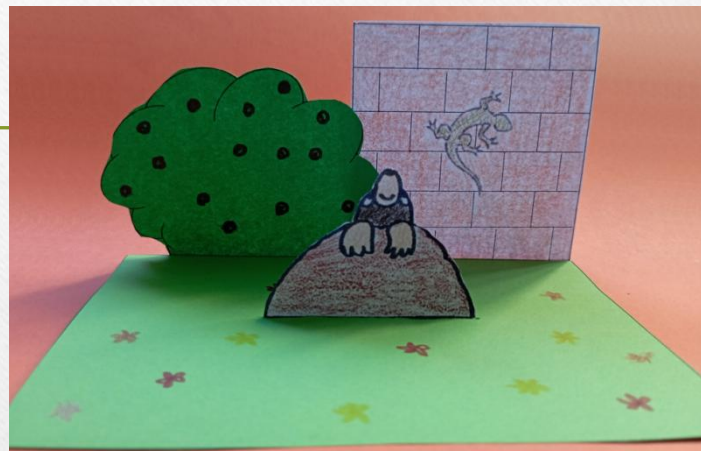

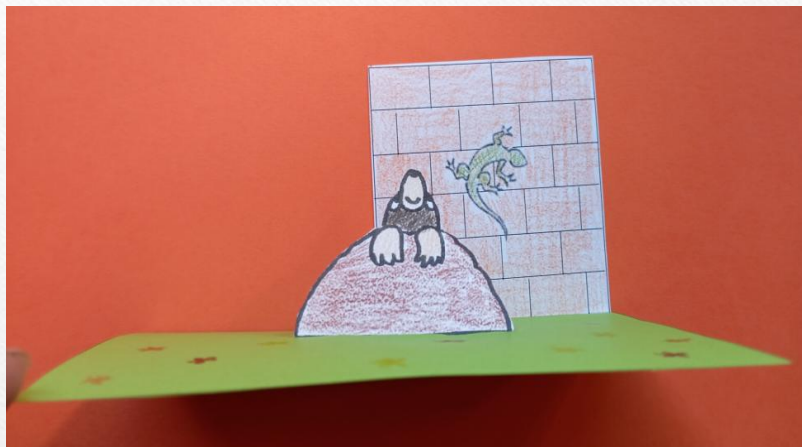

# COLORA E TAGLIA

# PRATICA UNA FESSURA NEL PRATO E INSERISCI LA TALPA E INCOLLA LE LINGUETTE

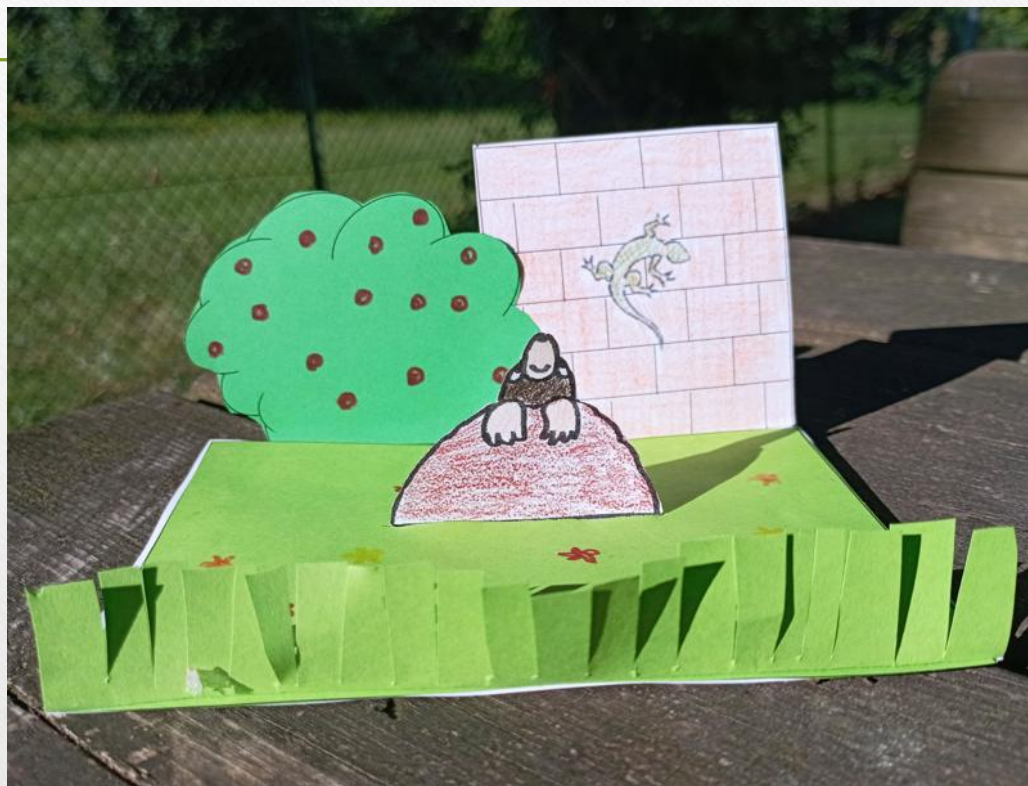

PIEGA LA LINGUETTA DEL MURO E QUELLA DEL  
CESPUGLIO E INCOLLALE SOTTO LA BASE, DAL  
LATO SENZA LINEA TRATTEGGIATA

Il sotto del  
prato apparirà  
così, con le  
linguette  
incollate

PIEGA LA LA PARTE DI PRATO DELIMITATA  
DALLA LINEA TRATTEGGIATA E SFORBICIA PER  
CREARE UN EFFETTO “ERBA”

INCOLLA IL RETTANGOLO COLOR TERRA, CON GLI ANIMALETTI DEL SUOLO, SOTTO IL RETTANGOLO PRATO.

SE VUOI, INCOLLA UN PO' DI TERRA PER RENDERLO PIU' REALISTICO

Avrai così un piccolo diorama dove c'è un "sopra" (il prato, il cespuglio, il muretto) e un "sotto" (il suolo con i suoi animaletti) sempre presente ma nascosto ai nostri occhi.
